IMPACT SOCKETS

IN NEW STURDY, PORTABLE CASES

DIN standard impact sockets are designed for use with a retaining ring and pin to increase safety when working with air and electrical tools. Therefore, you will find a hole in the socket where you put the locking pin which prevents it from vibrating off of the tool while it's in use.

Impact sockets are designed for higher torsion. Suitable for use with power tools. These new sets are supplied in a fully organised, portable TengTools cases.

Rings & Pins included in these sets.
